## File Content

### Size Sequencing - Easter

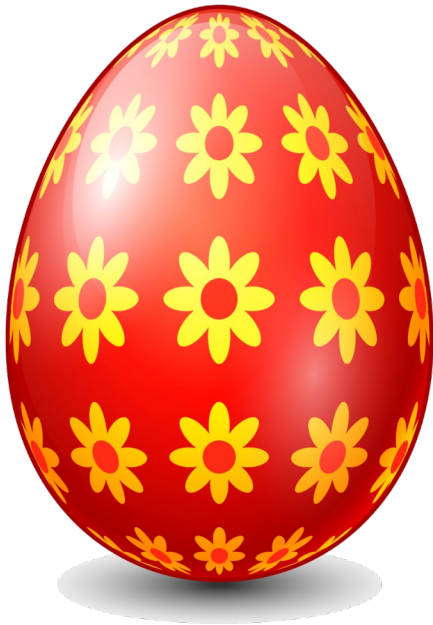

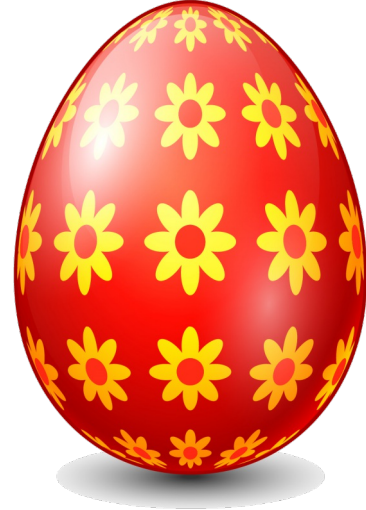

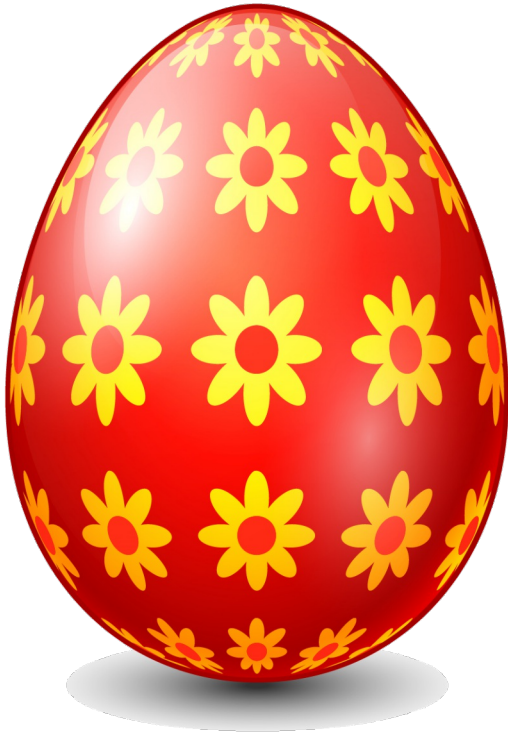

### Instructions

1. Print one sided (without first page).
2. (optional) Laminate.
3. Cut along dashed lines.

# Size Sequencing

# Size Sequencing

A size sequencing puzzle featuring five blue and white striped Easter eggs of varying sizes. The eggs are arranged in a grid-like structure defined by dashed lines. The top row contains a large egg on the left and a medium egg on the right. The middle row contains a small egg on the left and a very small egg on the right. The bottom row contains a medium egg on the left and a medium egg on the right.

# Size Sequencing

The image displays six colorful Easter eggs with horizontal stripes in shades of orange, pink, yellow, and blue. The eggs are arranged in a grid-like pattern with dashed lines, intended for a child to place them in the correct order from largest to smallest. The largest egg is on the left side of the top row. To its right, in a separate dashed box, is a medium-sized egg. Below these, in a smaller dashed box, are two small eggs. In the bottom row, on the left, is another large egg, and on the right, in a dashed box, is a medium-sized egg.
